Galaxy will host the Special Olympics Tournament the week before if anyone wants to help out.

Talked about a new USBC program for awards. Would be optional costing the house \$100 and members \$15. Maybe we could absorb cost to the house. David will talk to Lucas Combs about it. Discussed the training center in Hopkinsville, KY. We have talked about it before but haven't made any discussion on what we want to do. Decided to go the first and or the second weekend of the State Open Tournament in November. Will cost \$45 a person if we have twenty or more going. The association will pay for the board members who want to go. Members need to let David know if the plan on going. Also look

at raffling off some of the open spots to help pay for the members going. Let Chad Bischof know at the next meeting your shirt size for the new shirts. The new state association manager is Diane Carrol. She has a background in running state tournaments and the state may look at the state association running the state tournaments. David talked about getting calls from bowlers not from around here asking about joining leagues. Maybe teams coming from Lexington. Talked about youth bowling and how to build it up. Margaret talked about patches and pins for honor scores. She has looked into it and would cost around \$1,000. The board also talked about looking at getting a credit card swipe for leagues, tournaments and the Hospice Tournament. Donnie Philbeck said he was looking at getting a Junior Gold Qualifier at Galaxy.
