

We will have a City Open tournament this year. Schedule to be finalized Monday, but it will take place on three of the 4 following days: April 17, 18, 24, or 25. There will be 2 sessions on each of the three days, time TBD based off of bowling alley management preference.

There will be a separate Women's division. Women can choose to compete in both the Open and Women's division using the same scores, and just paying the entry for the second division.

There will be guaranteed payouts for each division (open and Women's) as follows: \$1000 guaranteed for teams, \$500 guaranteed for doubles, and \$250 guaranteed to the top singles scores.

Each person who enters all three events (team, doubles and singles) for either Women's or Open division will be entered into a drawing to have their leagues dues paid for the Fall (1 league only, cheapest league for those in multiple leagues, half of league for leagues that don't do split seasons)

MCBA board will have an annual meeting, time TBD in the next couple weeks by email. There are a couple possible vacancies open for Directors. Attached is the nomination form for anyone interested in becoming a Director. If Someone has approached you about becoming a director, or if you think there's someone who should be on the board, have them fill out the attached form and get it back to me by the end of March. I will also make some copies of the form and put them in the office at the alley.

Because of COVID and lingering restrictions, we will not have an actual Hospice tournament this year. However, we will still be taking donations to Hospice for this year. We will be contacting previous donors to get donations for the current year. We will also be doing a variety of raffles, auctions for items that we have remaining from last year's cancelled tournament, etc to raise money for Hospice for the 2021 year. We will come up with recognition opportunities for those who donate to Hospice for this year.

#### Hall of Fame:

All nominations that were received for 2020 will be rolled over to this year and included. There are 6 from last year. There are 2 additional for 2021.

For inductees who are currently bowling, they will be recognized during the year end meeting for each of the leagues that they bowl in.

For inductees that are not current bowlers, they will be recognized during the City Open tournament at a date that is convenient for them.

#### Board finances:

We currently have in excess of \$16, 000 in the association account.

MCBA received \$500 check from USBC for COVID relief

With some of that money, it was decided:

All board members will be reimbursed \$30 for keeping their RVP status up to date, please see attached

PDF that shows everyone's expiration date for their current RVP, this way everyone can be aware of when they should be looking for notification from USBC. There are 4 current board members who are currently not up to date, and they have been notified and are working on getting up-to-date

The board will look to sponsor 1 or 2 entries to Junior gold, more details to follow at a later date

The board will look to fund a lineage deal to the alley for coaching clinics later in the summer/Fall months

The board is looking into attending a retreat for directors interested. The trip will be a training facility in Hopkinsville. The board will pay the fees for the clinic for Directors interested in attending. Open spots to meet the required number of attendees will be filled by a raffle drawing from league bowlers

If there is an available week, there will be a house championship between the end of the Monday night Galaxy Classic League
